# Asked Putin to talk directly with Zelenskyy: PM to Biden

ARUP ROYCHOUDHURY  
New Delhi | April 11

I was a 2+2 bilateral dialogue, but given the situation in Europe, Ukraine featured prominently in the virtual meeting between US President Joe Biden and India's Prime Minister Narendra Modi.

WE CONDEMNED THE KILLINGS IN BUCHA AND HAVE CALLED FOR AN INDEPENDENT ENQUIRY. WILL SEND UCRRAINE ANOTHER CONSIGNMENT OF MEDICINES VERY SOON

NARENDRA MODI, Prime Minister

I WANT TO WELCOMED INDIA'S HUMANITARIAN SUPPORT TO THE PEOPLE OF UKRAINE, AND WE WILL WORK CLOSELY TO MANAGE THE FALLOUT OF THE WAR

JOE BIDEN, US President

Both Biden and Modi, whose meeting kicked off the latest annual 2+2 meeting, called for an end to hostilities in Ukraine and for dialogue to resume between Ukraine and Russia.

The meeting between Modi and Biden comes in the backdrop of India increasing its support for Ukraine, including sending medicines to the country and calling for an independent enquiry. We will be sending Ukraine another consignment of medicines very soon," said Modi, adding, "I spoke to the Presidents of Ukraine and Russia. I suggested President (Volodymyr) Putin have direct talks with the President of Ukraine (Volodymyr Zelenskyy)."

The war in Europe, saying it stands for peace, dialogue, and diplomacy. India's foreign policy strategy sees Russia as a key ally not just for military equipment, but also Moscow is seen as a credible voice in Beijing and New Delhi. The latter sees an assertive China as its main threat and hence wants to keep all options open.

## 2 DEAD, 15 REMAIN TRAPPED MID-AIR AS ROPEWAY RESCUE OPS HALT

A man was killed on Monday after falling off a helicopter during a rescue op, following Sunday's Jharkhand ropeway accident, while 15 trapped inside cable cars have to wait out one more night before they are brought down to safety. A woman, who was injured in the accident, had succumbed on Sunday night. Thirty-two people have so far been rescued, whisked up by two Indian Air Force helicopters, or by sliding down nylon ropes, more than 28 hours after two cable cars collided mid-air, stalling the ropeway, around 20 km from the temple town of Baidyanath Dham in Deoghar district.

### Traii...

The government had earlier proposed carrying out spectrum auction by May or June. The regulator has rationalised spectrum caps and an easy surrender of spectrum.

assigned administratively to the eligible capex wireless private network permission holders/Licencees on demand for specified geography on non-interference basis through a widely publicised online portal-based process in a fair and transparent manner. "I had said in my recommendations that the regulator has set the rules for setting up private cellular networks.

Telecom companies have been opposing administratively allotting spectrum because they think this would not create a level playing field between them and such com-

panies. Ankit Agarwal, managing director at STL, said: "Initial estimates suggest around 35 per cent reduction in the spectrum pricing. This is a welcome move. It will play a pivotal role in bringing the country closer to its 5G dream. This will enable service providers to do additional capex and launch new agri-services and business models."

### TCS...

Bloomberg poll analysts were estimating Q4 revenue at \$50.3562 billion. The highlight of the quarter was an order book of \$11.5 billion, an all-time high, which also had the inclusion of two large \$1 billion deals. For the full year, the order book was at \$34.6 billion. On large deals, Gopinathan said that while such deals were around, it was the closure of these deals that was being time. "It's very difficult to predict but the biggest takeaway from TCV point of view is that we were earlier in the range of \$7.58 billion, but over the last few quarters the sustainable range of TCS is now \$8-8.5 billion," he added.

TCS reported a strong performance in 4QFY22 driven by strong growth across geographies (particularly in North America) and strong deal wins. TCS is likely to be one of the key beneficiaries of medium-term uptrend in technology spending. We expect TCS to gain market share on the back of vendor consolidation and captive monetisation efforts.
